

Your Cost-Saving Fabrication Resource

What We Do

Foundation Fabricators provides a reliable source of quality outsourced exhibit fabrication and permanent fixtures to exhibit builders, designers and general contractors across the country. No matter what you provide, from rough sketches to finished renderings, we will transform your design into a finished exhibit ready to ship and install. As a wholesale outsource fabricator, that's all we do. And that comes with great advantages, including:

- ✓ **Accurately predict and control fabrication costs**
- ✓ **Reduce overhead**
- ✓ **Increase bottom line profits**
- ✓ **Provide overflow fabrication capacity**
- ✓ **Expert knowledge of a complete project; not just a job**

Confidentiality Statement

We market to the trade only; we do not solicit end users. And, we also maintain a strict policy of confidentiality, working behind the scenes to support your sales efforts.

Capabilities

The variety of projects we produce demands a wide range of skills and a solid working knowledge of a variety of materials. We have become experts at working with large format fabric graphics, light-weight substrates, dimensional signage, modular, system and even portable exhibit components. Check out a few of our capabilities:

- ✓ **Auto-Cad capabilities** to produce shop, construction and set up drawings, floor plans and electrical plans from your concepts or renderings.
- ✓ **Full service custom wood fabrication** shop for exhibit and component construction, refurbishments and repairs, custom crating, reception counters, light boxes, and more.
- ✓ **CNC capabilities** that allow us to fabricate complex shapes quickly and cost effectively.
- ✓ **Warehousing and property management** to help manage the logistics of your client's show schedule.

Our Process

Our project management and fabrication services and processes are geared to deliver a complete exhibit package that include not only the exhibit components, but all support drawings, general floor plans, electrical plans, and set up prints to ensure a smooth set up on site. Our extensive blend of elements is what sets Foundation apart. Here's our process:

- ✓ **Estimating**
- ✓ **Pre-Construction**
- ✓ **Fabrication**
- ✓ **Trial Fit and Assembly / Fit and Finish**
- ✓ **Crating**
- ✓ **Shipping/Receiving**
- ✓ **Outbound Handling and Load Out**
- ✓ **Inbound Handling / Receiving**

Your Cost-Saving Fabrication Resource

Warehousing

Whether on a temporary or longer term basis, Foundation Fabricators can provide warehousing for exhibit properties, components and any other items you require to help you manage the logistics of an exhibit program more efficiently and cost-effectively.

Exhibit Inspection and Maintenance

In addition to fabrication, Foundation can help you manage your client's properties as part of an on-going show schedule. Depending on the requirements for each exhibit, Foundation can provide complete Pull and Prep, maintenance, and repair services.

Foundation Fabricators can support you in bringing your exhibit vision to life. We know how to put it all together.
